EVEN STRANGER

DEFIANCERECORDS XLVI (NR.46)

RELEASE-DATE: MARCH 10th, 2003

FORMAT: enhanced-MCD/MLP

FILE UNDER: EMO

Finally, we are graced with new songs from emo pioneers, guitarist Sergie Loobkoff (Samiam/Knapsack) and singer/guitarist Garret Klahn (Ex-Texas Is The Reason). With "Even Stranger" they rid themselves of the "just a project" characterization, as it is clear that this project has developed into an entity in its own right. With this 5-song CD, Solea offers their fans a hearty helping of upbeat emopop with a side of melodic honesty.

With arrangements reminiscent of Beatles-era beats, these songs find their way deep into your skull and you will not want to let them out. These guys are some of the originals and are on the fast track to becoming one of the biggest names of the genre. The "Even Stranger" CD is equipped with a video clip for the song "Smile," while the 12" version comes with the classic "Leaving Today," available for the first time on vinyl.
