THE LATEST KISS

DEFIANCERECORDS XLVII (NR.47)

Spain's very own Standstill return to prove their vast talent and chameleonic abilities to adapt and progress. Once again, they trek down the path of innovation, this time focusing more on softer and melancholic elements.

The Barcelona 5 piece takes its listeners through a hypnotic acoustic journey, which is both surprising and overwhelming. In the realm of Stand Still, "unplugged" does not equal cheesy campfire ballads, but wide instrumentation, room for experiment, dissonance and intensity. The 5 songs featured on "The Latest Kiss" resemble a cross of sounds between those of ...Trail of Dead and the young Syd Barrett.

This mini CD will leave old fans amazed at the progression made by these Spaniards, and is certain to draw new listeners into the hypnotic world of Standstill.
