## *STEALING FROM DEATH A FEW DESPERATE MOMENTS OF LIFE*

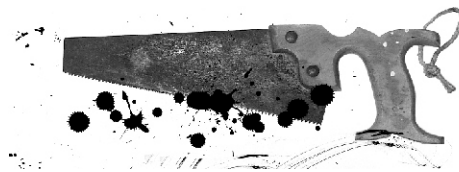

Defiance Records L (Nr.50)

Release-date: May 5th, 2003

Format: CD/LP

File under: HARDCORE

*Finally! After several EP's and a long hiatus, Germany's hardcore pioneer, ENGRAVE is back with a new album, "stealing from death.." It is a hybrid of hectic breaks, manic beats, and noise attacks exploding from each song, like a atmospheric soundscape with melodic guitar passages from the "other side". The energy of Engrave, like that found in bands like Converge, early Cave In, Botch or Orchid, is combined with innovation and technical skill that has saved "stealing from death.." from being just another generic album. Without a doubt, Engrave have created their own noise catharsis!*
